

# “Alles gurgelt!” for all people in Vienna

Get all information as well as your access barcode via [allesgurgelt.at](https://allesgurgelt.at).

By showing your barcode, you will receive up to **4 test sets** at any BIPA outlet in Vienna.

Each test set contains **instructions** containing a sample number, a QR code and the link to the [lead-horizon.org/public](https://lead-horizon.org/public) WebApp.

By scanning the QR code or entering the URL in a Web browser, you can **register** and activate your sample number. For this, you need to enter your email address and your personal data.

As soon as you are registered, you will receive a **personalised barcode**. With this, you can repeat Step 2 any number of times.

**Confirm your identity** for the test by holding your ID card or e-card towards the camera.

If you agree to a **video recording** of the test procedure, a **medical lab report** will be issued for you for going to a hair salon or other shops/service providers, if your test is negative. If you skip this step, you will receive a test result, but no officially valid medical report.

Now perform the **test**. You can gargle or rinse your mouth with the saline solution.

Put the **test tube** into the packaging as described and confirm your data. This concludes the test.

Now just hand in the test at any **REWE outlet in Vienna** (BILLA, BILLA Plus, BIPA and Penny as well as all petrol station shops of BP-Merkur Inside, JET-BILLA Stop & Shop, SHELL-BILLA Unterwegs).

If you **hand in the test before 9 a.m.**, you will receive your result via email within a period of **24 hours**. If you have not agreed to the video recording, you can access your test result via the WebApp.

You can access the officially valid **medical report** via the link you have received by email.

Take self-tests on a **regular basis**.
